## F. KRUEGER & SON.

Witnesses in the trial of William Britton, charged with complicity in the murder of James Cockrill, testified at Lexington that they had talked to Jim and Alex Hargis before giving their evidence in the case. Efforts were made by the defense to establish an alibi for Britton and break down the testimony of John Smith, who made a confession, implicated several men, among them Britton. The testimony given by several of the witnesses at former trials was produced by the Commonwealth to contradict their statements made at this trial.

### POLITICS AND POLITICIANS

After a session lasting five months  
the Oklahoma Constitution Convention has completed its labors  
and adopted a Constitution. An  
alfalfa pen was used by the president  
of the body to sign the sheepskin copy of the document.

The Court of Appeals yesterday  
sustained the act of the Legislature  
passed at the special session last  
spring fixing a tax of one and one-  
quarter cents a gallon on all rectified  
whiskey made within Kentucky.  
The decision means that the rectifiers will have to pay to  
the State between \$300,000 and  
\$400,000, unless the Supreme  
Court of the United States, to  
which an appeal probably will be  
taken, should reverse the decision  
of the Kentucky courts.

Reports from out in the State,  
according to the friends of Judge  
William H. Holt indicate that the  
sentiment for him for the Republi-  
can nomination for Governor is  
rapidly spreading. Judge Holt  
says that he is not a candidate for  
the nomination in the sense of  
making a fight for it, but that he  
would accept it if it were tendered  
him. A. E. Wilson, who is also a  
candidate for the nomination, spent  
Monday with Richard P. Ernst,  
chairman of the Republican State  
Central Committee, at his home  
in Covington.

### BROWN MEMORIAL SCHOOL

The school continues to have a  
remarkably large attendance for  
this season of the year. Despite  
plowing, mumps, measles, etc. the  
number this week has been one  
hundred twenty-one. Every department  
has gained—primary, intermediate,  
and grammer grades have  
doubled their attendance since last  
spring. The High School too  
has gained. Best of all, however,  
is the steady improvement in the  
character of the work. The future  
of the school has never been  
so hopeful.

Miss Rosa McFerron is assisting  
Miss Alexander in the primary.  
Miss McIntyre expects to be with us  
again next year. She likes Kentucky  
better than Florida, but her  
mother's health would not permit

### A CARD.

To MR. O. V. JARRETT:  
Seeing your announcement as  
a candidate to fill out the un-  
expired term of jailer to which your  
lamented brother was elected in  
1905. I wish to say that in the  
opinion of a large majority of the  
voters of our county you deserve  
the nomination and election and  
you should have no opposition  
from any member of our party.  
Your course in paying off the  
debts of your brother, for which  
you were not legally bound, your  
sense of justice, your human  
treatment of prisoners, your fight  
for improvements in the sanitary  
conditions of the jail building and  
your stand for that which is for  
the general welfare convinces  
the people that they will make no mis-  
take in continuing your services in  
your present position for two years  
more. I, with hundreds of other  
Republicans, heartily endorse you  
and will use all honorable means  
to secure your nomination and  
election. Yours very truly,

S. B. RAMSEY.

The jury in the trial of Bill  
Britton, charged with complicity in  
the murder of Jim Cockrell, took  
the case Wednesday afternoon at  
Lexington, and at 10 o'clock that

locked up, to resume consideration  
of the case yesterday. It was re-  
ported that the jury stood ten  
to two.

The railroad's belief that wrecks

one wreck occurs it will be noticed  
that two more follow soon at least  
all old railroaders claim its true.

W. J. Newcomb, a native of this

faith in the future of the Island  
City by investing his savings in

pleased to note that increased  
values of his holdings has "Will"

While of course the town trustees  
are not perfect and can not please  
every one on every occasion, they  
have accomplished more in way of  
improving streets and roads during  
the past year than was done in ten  
years past.

linoleum floor coverings, latest up-  
to-date chairs, stools, tables, etc.,

While it always worries a  
business man to be told "Line's  
busy" when calling for a number  
yet nothing provokes one like being  
told the same thing over and over  
for a period of half an hour. The climax comes, however,  
and the hurried business man goes  
into a compton fit when he finds  
the line wanted has been held by a  
young couple consuming the time  
in courting. It is then he uses  
words which can not be found in  
the Sunday School papers. When  
he finds that Jack Hughard has  
been talking to Maude Likeit  
during the time, the business man  
has murder in his heart. Courting  
is the finest thing in the world  
but for pity's sake cut it out on the  
wires.—Lancaster Record.

## FISH'S CASH STORE

One of our enterprising men  
is talking seriously of putting  
up a factory here for manufacturing  
plain chairs. Chairs of this de-  
scription are bringing a big price in  
the market and a factory here  
would be a paying institution from  
the start as well as provide employ-  
ment for many of our people.

Henry Pennington, who got into  
trouble at Danville last summer,  
charged with running away with  
another man's wife and writing  
back to the husband from Ohio,  
acknowledging the whole business  
and confessing that he had also  
robbed him of a watch and some  
money. It has developed that the  
letter was a rank forgery and the  
forger has been discovered. Pen-  
nington has been in jail at Dan-  
ville for nine months. When his  
trial was called Monday no witness  
es appeared against him. The  
jury reduced the bail bond one-half  
and Pennington was released. Mr.  
Pennington was here Tuesday vis-  
iting friends in town and county.  
His attorney, C. C. Williams, who  
has worked faithfully in what  
seemed a hopeless case, is now con-  
fident of an acquittal when trial is  
reached. They will prove a con-  
spiracy forgery, etc.

The time is ripe for starting  
small factories in Mt. Vernon.

There are a half dozen men in Mt.  
Vernon who are willing to invest  
in such enterprises providing the  
right parties come to the front and  
take charge in a business way.

There are many openings here  
which if taken advantage of would  
prove of vast benefit to the community  
as well as the promoters.

er, breaking a man's arm; John  
Johnson, colored, housebreaking;  
Joe Norton, murder, 2 years, and  
Bob Lee, assault with intent to kill.  
18 months. Dillard Parker, a boy,  
for housebreaking, was taken along  
to the House of Reform, at Green-

livering their men at Frankfort.

S. Fuqua, the livery man bought of W. R. McClure a pair of horses, and sold to McClure the delivery wagon and horses.

The hog market has fooled all the experts once more. When prices decline about a dollar per cwt. there was no expectation that they would recover and predictions of \$6 market hogs were general. The reaction is not accounted for solely by the lack of hogs. Evidently the demand, which has been stimulated by the recent cool spell is broader than expected or usual at this season. In view of recent history nobody can tell what will happen next; but it is probable that there will be more difficulty in disposing of hog meat at the advance and this may soon be followed by another decline.

The Society of Equity has begun the pooling of the wheat crop of the great wheat raising States of the West. One dollar per bushel is the price fixed as equitable and fair and no one can deny that this is a reasonable price. With dollar wheat, six cent hogs, six cent lambs, six cent cattle and fifteen cent tobacco, the farmer will be coming into something like his own—Danville Advocate.

### Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces poisonous secretions which are then carried to the blood. Keep the bowels open with Ayer's Pills.

### MATRIMONIAL

The following special from St. Louis, dated April 19 1907 says:—Announcement was made to-day that on August 26 next John B. Bundren, who on April 1 was 101 years old, will be united in marriage to Miss Rosa McGuire, who is almost 100 years of age. The wedding will take place on Mr. Bundren's estate near Batesville, Tenn. He has been visiting relatives in St. Louis for several weeks and has just returned to Tennessee. Bundren and Miss McGuire were sweethearts in Tenn. in her youth. Her parents, of English descent, would not consent to their marriage, and finally returned to England, taking their daughter with them. Bundren went to California and acquired considerable wealth. He never married. From California he returned to Tennessee and bought his birthplace near Batesville. He decided to hold a reunion of old friends on his estate this year and sent out numerous invitations. Not long ago he received a letter from Miss McGuire. Correspondence followed and he renewed his offer of marriage and was accepted. The date for the wedding and the reunion of friends has been set for August 26 on the bride's birthday anniversary, when she will be 100 years old.

Bundren has long, white hair and a flowing white beard. In June he will go to Preston, Lancashire, England, to escort his intended bride to his Tennessee estate. John B. Bundren, of St. Louis, a namesake, will be best man.
